

**BEEF
INFOCHANGE
SYSTEM**

Registration – Easy as 1 - 2 - 3

1. You will need your CCIA account #, not your premise ID#. If you do not have the number readily available call CCIA at 1-877-909-2333, also confirm with them what the main phone number is that you have registered with CCIA. This will also be required to register on BIXS.
2. Now go to www.bixsco.com. Click on **Register**.

A screenshot of the BIXS website. At the top right, there are buttons for 'BIXS Login' and 'Register', with a 'Producer Newsletter' link. The main navigation menu includes 'About Us', 'Media', 'Unlocking Value', 'Partners', 'Third Party Providers', 'FAQ', 'BIXS Buy Club', and 'Contact Us'. A banner for 'Farms.com NEWSLETTERS' is visible, with a black arrow pointing to the 'Register' button. Below the navigation, there are three images: a family of four in cowboy hats, a green field with a fence, and two people riding horses. A blue sidebar on the left contains the text: 'Canadian beef is recognized as one of the highest quality proteins in the world, raised right by producers who care. You're part of a great industry with a great story.' At the bottom, there are tabs for 'Cow/Calf' and 'Beef InfoXchange System'.

- Come up with a user name and password, easy for you to remember
 - Fill in all the spaces
 - Use your CCIA account # and the main phone number, as explained above.
3. You are now ready to start entering cattle/data, or if you have been age verifying in CLTS, come back in 24-48 hours to see what has populated your account.

Welcome to BIXS
